- maintain and expand education and community services, including healthcare, to meet needs from new development
- make sure facilities proposed as part of new developments are delivered and made available to the community as planned
- address the need for new and improved sport, recreation and leisure facilities, in particular indoor facilities, including for the elderly
- improve availability of facilities for the under 18's
- improve access to, and availability of, facilities for the arts and culture, including library facilities
- enable sufficient pre-school and childcare provision for those in the Area
- address shortcomings in the provision of lifelong learning and improve provision in the future

This is what drives our Education & Community Policies

ECF - Policy Goal

To maintain, enhance and extend education and community facilities to meet the needs of existing and future local residents, including the young and the elderly.

New facilities provided as part of housing developments should be well located for access, particularly by walking and cycling, and operate with formal management arrangements that ensure on-going availability to, and effective use by, the community.

Policies

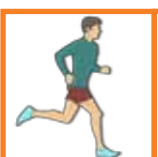

ECF1
Formal Education
Places for Local Pupils

ECF2
