

Our Residents' Survey is Launching In May

A Neighbourhood Plan must seek out the views of everyone in the community - and test that responses given represent a fair cross section of opinion.

One of the most important ways to do this is by undertaking a survey(s).

We have chosen to undertake a Residents' Survey, allowing every individual living in the KDBH Neighbourhood Area to express their own views.

To ensure anonymity and remove any risk of bias, the survey will be run by a third party who will independently collect and analyse the responses.

Once the 'results are in', we will hold a special Open Forum meeting to feedback the findings and what they mean for Plan development.

We are planning another survey, for local businesses and their employees, later this year

Look out for a leaflet hand delivered to your door in May with more details about the survey launch and how to complete it.

It is vitally important to have as many responses as possible – your view really does count. The survey should take no more than 15 minutes to complete - please take the time to fill it in and help make a difference to future development of our Area.
