

Knowle, Dorridge and Bentley Heath (KDBH) Neighbourhood Plan Residents' Survey 2016

Dear KDBH Resident

Thank you for interest in the KDBH Neighbourhood Plan and for making the time to complete this survey. The survey runs from 23rd May to 10th June 2016. It should take about 20 to 30 minutes to complete.

This is a vitally important step because the survey results will dictate the direction and priorities we take in creating a Neighbourhood Plan that meet the needs of our community. Which is why we're asking everyone to help us ensure that as many residents as possible grab this opportunity to make their views count right from the outset. The cost of running such a large survey means that we will not be able to repeat it.

In short, the survey is a chance for you, and every individual living in our Area, to influence what you want for our villages and how you would like to see them develop over the next 15-20 years. We have never had this chance before - let's make the most of it!

Once approved, the Plan will have legal force in determining what development is acceptable in our Area, and for what reasons. Developers and local authority planners will have to take notice of it. Without a Neighbourhood Plan, we will have little control over any development that takes place and we will receive less community funds from those developments.

Please complete the survey as fully and thoughtfully as you can. If there are other members of your household aged 16 or over who could complete the survey separately, please encourage and help them to do so. (We will be running separate surveys for younger people and for businesses and their employees later this year)

We want to stress that all the information you provide will be processed and analysed by an independent third party, who will aggregate the responses to create summary analyses. We have deliberately chosen to do it this way so you can be assured that your responses are anonymous and cannot be identified to you individually.

If you would like us to send you a personal copy of the final report, we have included a space at the end of the survey for you to add in your e-mail address. We will, of course, be holding a special meeting dedicated to presenting back the findings, and what they mean in terms of next steps. We will publicise these sessions nearer the time.

Should you experience any problems in completing the form, please contact 0300 1020111 between 10am and 1pm weekdays.

Once again, thank you and we look forward to some interesting results!

Housing

Q16 How important is it for you that KDBH remains “separate” from Shirley, Solihull or surrounding villages and does not become part of that bigger urban area as a result of more house building?
 Very important..... Fairly important Not important at all.....

Q17 Through a Neighbourhood Plan we can influence what development takes place, but cannot stop it altogether. It is inevitable that some new housing will be built in our Area in the future. Having a Plan in place, however, will help us ensure that new housing is suitable for, and meets the needs of, our Area. It will also help identify the facilities and services that need to be in place to meet the demands any new housing will make upon our community.
 To what extent do you think there is a need for some new houses in KDBH?
 Strongly agree..... Disagree No opinion.....
 Agree Strongly disagree

Q18 Have you recently tried to move within KDBH without success? If so, what prevented you from moving?
 Prices – property too expensive Location - nothing suitable in KDBH
 Size – none available of the right size Not applicable / not looking to move.....

Q19 Are you thinking about moving in the next 5 years, and, if so, would you like to move to:
 A larger property within KDBH.....
 A smaller property within KDBH
 A similar sized property but in a different location within KDBH.....
 Or are you happy as you are within KDBH?.....
 Or would you be more likely to move outside the area?

Q20 If and when new housing developments occur, which type of properties do you think would be most suitable for our Area? (tick one box for each property type)

	Very suitable	Quite suitable	Not suitable	No opinion / Don't know
Flats/apartments	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bungalows	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1 bedroom houses	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2 bedroom houses	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3 bedroom houses	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4 bedroom houses	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5 or more bedroom houses	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Mix of house types in various combinations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Q21 Which **three** factors do you think are most important in the design and layout of new housing developments in our Area?

- In keeping with current housing design and streetscapes
- Reflect current (generally lower than average) housing density
- Modern innovative structures
- Adequate storage areas (waste bins, cycles etc.).....
- Energy efficiency
- Adequate parking on premises
- Garden length - less than 10 metres.....
- Garden length - 10 to 20 metres
- Garden length - more than 20 metres
- Communal greens, play areas & open spaces
- Landscaping
- Any other considerations, write in box below

Q22 Other Housing Requirements

Apart from the 'normal', market priced properties to buy, new housing developments could include other types of properties / ownership. Which of the following do you think would be most relevant for our community?

	Very appropriate	Quite appropriate	Not appropriate	No opinion/Don't know
Private housing for rent	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Housing specifically reserved for key workers (nurses, teachers, police etc.)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Housing for shared ownership	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Retirement homes	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Nursing homes	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Q23 In the event that we have to accept a substantial number of new homes in our Area, these could be built in lots of small developments, fewer large developments or a mix of sizes. Developers can be required to make contributions to upgrade community facilities or infrastructure in support of a new development - generally, the larger the development, the more the contribution. This money could enable us to address some aspects of our Area that we want to improve.
Any significant new development in our Area would affect Green Belt.

Taking these factors into account, do you think that additional dwellings should:
(please tick one box on each line)

Q24 If development has to take place on Green Belt land do you think:

	Strongly agree	Agree	Disagree	Strongly disagree	No opinion/Don't know
Housing density should be increased by building up (ie. have more 3 storey properties)	<input type="checkbox"/>				
Accommodation size should be reduced to minimise the impact on Green Belt land	<input type="checkbox"/>				

Q25 If development has to take place on Green Belt can you think of any land around KDBH which may be appropriate, ie. is less 'valuable' or less attractive as open space?

Yes No
